

One Liner

We can't reason with a closed mind or shake hands with a clenched fist.

Dr. W.C. Petty, County Superintendent of Schools spends his last Monday on the job after 40 years of outstanding service.

Last Monday

What do you think about on your last Monday in office when your first day in that office dates back over 40 years?

Well, for one thing you look around your well appointed offices on the ninth floor of the new county building, you look at your small but efficiently busy staff, and you remember your first office: an empty desk, a typewriter badly in need of repair, and no staff. And you remember how difficult it was to get started on the multitude of jobs your predecessor had left unfinished: eighth grade exams, spring institute, the annual report to the state, etc.

You remember March 11, 1931, and you're very happy it all happened!

Dr. W.C. Petty, County Superintendent of Schools of Lake County, Illinois, is finishing out the last week of over 40 years of service to the schools and children of northeastern Illinois.

Dr. Petty has provided direction, leadership, advice, and worked for the general welfare of the schools during a period of development that was crucial to the school system of Lake County. In the early years of his tenure in office Dr. Petty often provided the only real administration for some of the smaller schools in the county. Now, with the attendance centers growing as a result of consolidation and rapid population growth, the average school has adequate, some say top-heavy, administrative personnel within its own staff. It is doubtful if the office of County Superintendent of Schools will ever again have the impact it had during Dr. Petty's early years. For 40 years Dr. Petty has done his best to find the right answers and to serve the schools of the county. The office was needed.

Just what does the future hold for the office of County Superintendent? Dr. Petty has no definite answer. The duties of the office will probably become more and more routine as the larger schools become more and more self-sufficient and the State Superintendent and the State Board of Education take over more and more of the duties now performed on the local level.

No one can handle an office for 40 years without having important decisions made, or a certain amount of sadness and humor enter into the day to

day activities.

Most important? Curriculum expansion and improvement. Dr. Petty feels that tremendous strides have been made in the basic subjects as well as the co-curricular, particularly in the field of health. Within his tenure Dr. Petty has seen the decimation of the classroom through communicable disease brought nearly to an end.

Sadest? The many, many times that change was mistaken for progress. The two terms are not necessarily synonymous. It's sad to see a school board ride off in the wrong direction when you know the advice you've given them is right.

Most humorous? The children. They have a joy in life which cannot be duplicated. One Christmas a little boy offered him a handkerchief as a gift. "I want you to have this for Christmas. Don't worry," the boy said, "it's brand new and never been used."

Dr. and Mrs. Petty haven't made any definite plans. They plan to take things as they come.

Travel? "Yes, I'd like to go to Europe, I suppose. You're not anybody unless you've been to Europe." He's not too interested in seeing the regular tourists' Europe. "I'd like to see how people live. People who haven't had the advantages I've had. I'd like to see children going into school buildings, visit the classes."

It's been a long road from September, 1919, when he accepted a teaching job at \$70 a month for seven months. He came into teaching straight out of high school and earned his Bachelor's degree and Master's degree through summer school, night classes and correspondence courses. His honorary doctorate was awarded by Lake Forest College. Regarding the latter degree, Dr. Petty says, "I suppose I could have gone out and earned the doctorate degree by taking the courses and writing a thesis on 'How to Sharpen Pencils', but it seems nicer that someone thought enough of my work to want to award me the degree. I appreciate it very much."

Now, he retires as the chief administrative officer of the county and the Dean of County Superintendents of Illinois.

It's been a wonderful 40 years!

ANTIOCH TOWNSHIP LIBRARY 787 N. MAIN ST. ANTIOCH, ILL. 60002 Tax Increase Proposed

The proposed tax increase to be put before the voters in a special election on Saturday, September 18, still offers tax payers a net reduction of .162% of assessed valuation for the fiscal year, the Antioch Grade School Board announced at their meeting of July 20.

The special election will be held because the board of the Antioch Grade School district has resolved that a rate of .250 is not sufficient for the running of the district. The need exists for an increase to .375 for building purposes.

Mr. Henry Meyer, Superintendent of the Antioch Grade School, stressed that the present wording of the proposal "for building purposes" is misleading.

This tax money "has absolutely nothing to do with building," said Mr. Meyer. Rather, it will be used to pay custodial salaries and maintenance including electricity, heat, upkeep, etc.

Due to a tax schedule passed last year, tax payers have had a reduction of .287% of assessed taxes. Therefore, passage of this resolution adding .125% will still result in a net tax rate reduction for the fiscal year 1971.

This proposal must be presented to the voters and passed by a majority. Therefore, the polls will be open on Saturday, September 18 from 12 noon to 7 p.m.

French Visitor

Jacky Hinz and Pen Pal Nicole Loulergue from Thiais, France.

Jacky Hinz has a pen pal. Not too unusual a situation unless your pen pal has crossed an ocean and half a continent to visit you.

That's exactly what Nicole Loulergue, a 19 year old French Gamine from Thiais, France, has done. Nicole and Jacky, the daughter of Mr. and Mrs. John Hinz of 1708 Columbia Bay Drive, had been corresponding for about a year and a half when Nicole had an opportunity to visit this country. The Hinz family were more than happy to welcome Nicole to their home for a two week visit.

The Hinz's are planning to show Nicole the many spots of interest in the Chicago area. When asked what her

impression of the Antioch area was she replied that she likes the homes, water, trees, people ---- and boats!

Nicole did not arrive empty-handed. She brought many interesting gifts with her from France: dolls, chess board, perfume, etc.

When she returns to France, Nicole will resume her studies at the University of Paris where she is a second-year student working in the field of Pharmacy.

As for the Hinz family, it seems that pen pals are a family project. Nicole is only one of ten pen pals the family corresponds with. They can hardly wait to see who shows up next.

Patrolmen (left to right) Tim Zelinski, Charles H. Miller and Elmer R. Pett display their training certificates to Antioch Police Chief Jack Davis. The patrolmen recently completed the Law Enforcement Officers' Training School.

Officers Complete Training School

Three Antioch patrolmen have received certificates for completion of the Law Enforcement Officers' Training School held in Gurnee at the American Legion Hall. Elmer R. Pett, Tim Zelinski and Charles H. Miller completed the eight courses under the direction of instructors from

the F.B.I. and the States Attorney's Office. The classes, each three hours in length, covered all phases of general law enforcement.

The course ran from April 6 to May 27 and was under the sponsorship of the Lake County Chiefs' of Police Association.

Mrs. Joan Toft and Mr. Woods talk over plans for the collection of funds for the Lakeview Girl Scout council. Collections are still being accepted at the First National Bank of Antioch.

COME TO AN ICE CREAM SOCIAL

Remember the good, old-fashioned ice cream socials of a few years back? Where have they all gone?

Well, you won't have to wonder much longer. The Youth Fellowship of the United Methodist Church of Antioch is planning to have a genuine, old-fashioned ice cream social this Saturday, July 31 from Noon to 4 p.m.

The social will be held in Wesley Hall. The purpose of the fund raiser is to help support their adopted child overseas.

CHARLES ANDERSON

CELEBRATES 90 WONDERFUL YEARS

Owner of a summer home in Petite Lake for 43 years, Charles Anderson celebrated his 90th birthday on July 25. Some 128 people enjoyed the day with healthy and active Mr. Anderson, putting a big "Happy Birthday, Charlie" sign on his pontoon boat.

Also celebrating with him were his three daughters, five grandchildren and five great grandchildren. Mr. Anderson's wife passed away last year after 64 years of marriage.

Mr. Anderson has been in the undertaking business for 65 years. At 90 years young he still drives back and forth from

his home in Chicago to the summer home. He is the owner of Charles Anderson Funeral Home in Chicago.

Proof of Mr. Anderson's good health is his ability to travel. Mr. Anderson spent the winter in Australia and has plans to go to Africa in the near future.

We Lost \$12,000 Last Year

Yes, you read the headline correctly. We lost between twelve and fifteen thousand dollars last year in Antioch. How? Very easily. About 600 or more people in Antioch shoplifted at least that much merchandise from the various stores in Antioch during the fiscal year of 1970.

Although Antioch is basically a fine community to live and work in, and still has a very low crime rate as compared to other communities nearer to Chicago, we have a very rapidly growing problem. Just how fast this problem of theft, and mainly shoplifting, is growing can be seen by comparing the figures of this fiscal year 1970 to 1969. In 1969 we had 111 reported cases of theft, of which 21 were for shoplifting. Of the 21, 20 were 16 years old or younger and only one reported adult case.

In the fiscal year of 1970 there were 232 reported cases of theft of which 102 were shoplifting cases, 66 under 16 and 36 adults. This means that between 1969 and 1970 we had a 500% increase in total cases of shoplifting. The number of under 16 cases rose 300% and the adults rose 3500%. This is one generation gap we could do without.

The next question you will ask is how does that effect the honest shopper; the loss is on the various stores and not on us as shoppers. This is not the case and even if it were, it would not lessen the growing problem of shoplifting. No store can afford the loss caused by shoplifters. Somewhere that loss must be passed on to the honest customer.

In talking to a number of store owners and managers: John Stevens vice-president, operations manager of Ben Franklin; Jim Keegan, manager of Ace Hardware; and Joe Huber, assistant manager of Pay Less, none of these people or their companies priced items higher to take care of the shoplifters, but somewhere these stores must regain this loss, through sales items, fewer discounts or somewhere.

All the store managers or owners we talked to will prosecute. In fact Mr. Jim Keegan of Ace Hardware said they will prosecute for the theft of a \$.15 item. This is as it should be. It's a crime and neither young nor old should be allowed to get away with it. If they do, somewhere you and I pay for it.

According to Chief Davis of the Antioch Police Dept., the 102 cases reported this year made up only one third of the actual number of shoplifters. The rest were not reported or just not caught.

Now all of us can help with this problem. With the young people we can take more care and see to it that they are not allowed hours of time to wander in and out of stores for no reason at all. Secondly, we should make it a point to teach our children respect for the law and the property of others.

Now with the adult shoplifters, which by the way is

THE ANTIOCH NEWS

People

When people aren't asking questions
They're making suggestions
And when they're not doing one of those
They're either looking over your shoulder
or stepping on your toes

And then as if that weren't enough to annoy you
They employ you.
Anybody at leisure
Incurs everybody's displeasure.
It seems to be very irking
To people at work to see other people not working.
So they tell you that working is wonderful medicine.
Just look at Firestone and Ford and Edison.
And they lecture you till they're out of breath or something
And then if you don't succumb they starve you to death or something.
All of which results in a nasty quirk:
That if you don't want to work you have to work to earn enough money so that you won't have to work.

—Ogden Nash

THE ANTIOCH NEWS asks that the news of the week be turned in by Saturday at noon.

News of weekend happenings should be in to us by noon on Monday.

Thank you.

becoming much more of a problem than the under 16 group according to the various store owners and managers, we have a much different problem. About the only thing we can do is to cooperate with police and stores as best we can.

Just remember when you see someone, young or old, taking items without paying for them, they may get it free, but someday you and I are going to help pay for it.

Our Congressman

Congressman Robert McClory reported today that the House of Representatives authorized funds for the Great Lakes Naval Training Center totalling \$5,800,000. The funds will provide for construction of a new Naval Hospital Corps School at Great Lakes as well as a Recruit Barracks at the Naval Training Center. Also included in the total is the sum of \$323,000 for installing air conditioning in the Naval Electronic Supply Office at Great Lakes.

The comprehensive military construction bill totalling more than \$2 billion covers military construction in the United States and overseas. The measure was passed by the House of Representatives by a vote of 359 to 31. Commenting on the passage of this legislation, Congressman McClory stated:

"The Hospital Corps School at Great Lakes, as well as the enlisted men's barracks are essential to the efficient operation of the world's largest Naval

Training Center at Great Lakes. The critical role which Navy Corpsmen play in combat service is well known. These emissaries of mercy deserve the new quarters which will be provided by the funds authorized by the House of Representatives. In addition, the enlisted men's quarters will enable all of those receiving recruit training as well as those attending service schools at Great Lakes to be housed in modern quarters. The air conditioning at the ESO Building was originally scheduled when this structure was erected many years ago. The building is designed for central air-conditioning, and I am pleased that the Congress is now authorizing this essential improvement."

The measure now goes to the Senate for action and will be followed by an appropriation later in the Session.

A F S Night of Laughs

The A. F. S. FESTIVAL OF COMEDY offers a night of laughs with W. C. Fields, Charlie Chaplin, Laurel & Hardy, Abbott & Costello and Mae West in "Comedy Shorts". Show time is at 8 p.m. in the Antioch High School auditorium tonight, Wednesday, July 28. Tickets will be on sale at the door.

All proceeds of \$1 ticket sales will go toward the A. F. S. scholarship of Antioch High School's 6th foreign exchange student. The Antioch A. F. S. needs your solid support so that Antioch High School can send a student abroad as well as bringing a foreign student here.

Lions Club members Milo Bailey, Les Sorensen and Cliff Houghton examine a platter of chicken in preparation for the annual Bar-B-Q Sunday August 1 at the Aqua Center.

Register to vote at Chicken Barbecue

A special attraction at the Lions Club Chicken Barbecue on Sunday at the Aqua Center will be a booth for the Women's League of Voters.

The ladies will be there from 11 a.m. to 4 p.m. to register voters from any district. Sponsoring the booth is the County Clerk's office, Grace Mary Stern.

ST. PETER'S HOLDS COUNTRY FAIR

Father Henderson, pastor of St. Peter Parish, Antioch, announces that the parish will have a Country Fair on August 5, 6 and 7 from 7 p.m. until 9 p.m. and on Sunday, August 8 from 4 p.m. until 7 p.m. This festival was suggested by St. Peter's Council, the Knights of Columbus.

All parishioners are working hard to make this fair a success. The proceeds will go towards parish programs and to defray increased operating expenses. Father invites all the people of the community to assist in this worthy project.

Knutson and Associates Feature Creativity

O. T. Knutson and Associates is an organization which is steeped in creativity. In fact, it could be said that their product is creativity. By definition they are engineering designers, specializing in the development of machinery, tools and special products.

When a client comes to the offices of O. T. Knutson, he generally comes with a problem: some part of his operation is not working correctly. The problem is reviewed with the client and possible solutions are studied. Then, the engineering staff sets out to make the most likely solutions into tangible reality. The solution may involve the creation of new tools, new machinery, new in-plant systems for the client, or a combination of all.

And O. T. Knutson can handle them all. If a new tool or a new machine is needed the company can not only design it, they can manufacture it as well.

The entire operation started with a truck transmission and axle and worked into business machines. One of the oldest clients is the Cummins Chicago Corporation, Manufacturers of high speed readers, who have used the O. T. Knutson brain trust for some 15 years.

Most of their current work involves high speed data reading systems and radioactive sensors, but, Mr. Knutson proudly states, "We'll design anything."

Although most of the men in the shop are experienced tool and dye men, because of the uniqueness of the enterprise, most of the employees of the firm are trained on-the-job. The 7 shop men and 5 designers are implemented by 2 students from the Distributive Occupations program at the high school.

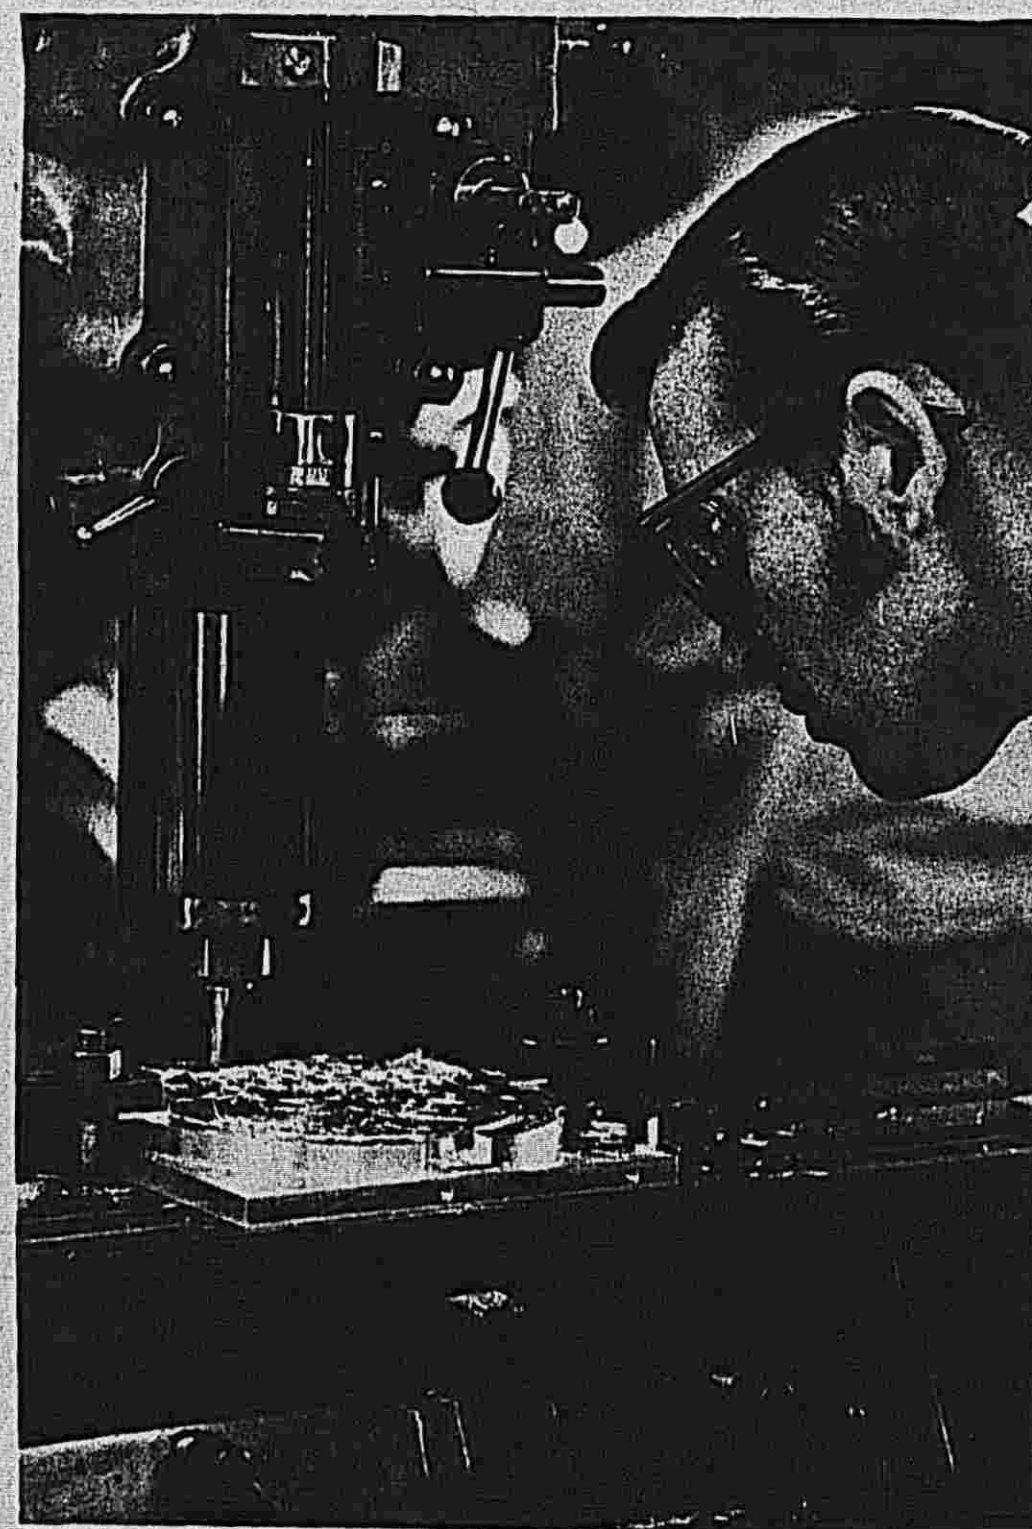

So, if you have an industrial problem, take it to O. T. Knutson and Associates in Antioch's Industrial Park — Someone in this highly specialized operation will have a solution for you.

Owner O.T. Knutson and Ralph Stangel work on design.

Del Brewer and John March are checking operation of transport for document reading machine.

Geo. Simon of O.T. Knutson and Associates working on new product.

Jim Palm, New Dispatcher

James Kenneth Palm, son of Mr. and Mrs. James Palm, Lake Street, Antioch, was recently appointed night dispatcher for the Antioch Police Department.

Jim received his discharge from the 5th Army this past June after having served overseas in Korea. He has already enrolled in business classes at the College of Lake County.

Jim is a 1968 graduate of Antioch Community High School.

High School Board Meeting

A progress report by the school architect on Remodeling and Life Safety Code work was read by Supt. A. L. Dittman at the regular monthly meeting of the Antioch Community High School Board of Education Wednesday, July 21. Most of the work is apparently on schedule.

Mr. Ward Lear, director of athletics, reported to the board that the parents of football players were not too interested in taking advantage of the group liability insurance arranged for them by the school. Most parents felt their own policies were adequate and did not need this additional coverage. The possible need for additional parental coverage was brought about when the board dropped its own insurance coverage on athletes as an economy move. As a result, the athletes and their parents will be required to sign a notarized waiver of liability similar to a program already in effect at Lake Forest High School.

The board received resignations from David McCarthy, who plans to continue working toward his Master's degree, Richard Richy who has accepted an overseas teaching assignment, and Linda Shadwich who resigned to accompany her husband to a new teaching assignment. All resignations were accepted.

A tentative budget summary was presented by the administrative and budget committee. The board approved the publication of the budget and declared it would be available in the high school office for review by all interested parties during the month of August.

A motion to retain the Antioch Clinic as school doctors was approved by the board. The clinic has served in this capacity for the last three years.

As part of its over all economy policy the board approved the hiring of lay people to handle non-teaching supervisory assignments such as supervision in the research center, commons area, hallways and study halls. As a result, teachers will be more profitably utilized in full-time classroom activities.

The board approved the hiring of Ted Evans as a replacement for David McCarthy. Mr. Evans will teach in the social studies department and handle a coaching assignment.

Serving the Lakes Region since 1894

Those natural go-togethers — fruit and cheese — meet this time on a luncheon menu. Luscious summer fruits are in a main dish salad; blue cheese is the featured ingredient in oatmeal biscuits.

Melon halves, either cantaloupe or honeydew, are brimming with a tasty chicken salad chock-full of green grapes and walnuts. The accompanying biscuits have the whole grain goodness of quick or old fashioned oats. The nut-like flavor of the oats is a pleasing complement to the distinct flavor of blue cheese.

BLUE CHEESE BISCUITS WITH MELON SALAD

Makes 6 servings

Biscuits:

1-1/2 cups sifted all-purpose flour
3 teaspoons baking powder
1/2 teaspoon salt
2/3 cup quick or old fashioned oats, uncooked
1/3 cup shortening
1/4 cup crumbled blue cheese
2/3 cup milk

Salad:

6 cups diced cooked chicken
2-1/2 cups green seedless grapes
3/4 cup chopped walnuts
1/3 cup mayonnaise

For biscuits, sift together flour, baking powder and salt into bowl. Stir in oats. Cut in shortening and blue cheese until mixture resembles coarse crumbs. Add milk, all at once, stirring lightly only until mixture is dampened.

Turn dough out on lightly floured board or canvas; sprinkle dough lightly with flour. Knead gently about 15 times. Roll dough out to 1/2-inch thickness; cut with floured 2-inch round cutter into 12 to 14 biscuits. Place on ungreased cookie sheet 1/2-inch apart. Bake in preheated hot oven (425°F.) 10 to 12 minutes until lightly browned.

For salad, combine all ingredients. Spoon into cantaloupe or honeydew melon halves. Serve with blue cheese biscuits.

The Book Shelf

Next time you're in the Antioch Township Library take a look at the record albums and pictures which are also available to be borrowed. The library offers a wide selection, and the art works are checked out for one month.

New books at the Antioch Township Library include:

ADVENTURES OF BEING A WIFE by Ruth Peale. This is a wise, often moving, account of one eminently successful marriage.

THE CAR OWNER'S HANDBOOK by Ray Stapley. A guide to car care which discusses the various systems of a car and answers the most commonly asked questions about car repair.

SOILLESS CULTURE by T. Saunby. Describes the equipment, care and nutrient solutions necessary for the growth of plants without soil.

LIBRARY RESOURCES by C.P. Lee. An explicit guide to independent library research, explaining organization, use of library sources, writing, and finishing the paper.

CREDIT-CARDSMANSHIP: How to survive the credit card nightmare and turn plastic into gold by Martin J. Meyer. Discusses the hidden advantages of credit card ownership while describing means of avoiding its disadvantages.

LIFE AND DEATH IN A CORAL SEA by Jacques-Yves Cousteau with Philippe Diol. Describes a world few men have ever seen—an undersea world filled with structures of great beauty and adventure.

Hours at the library are daily Noon to 9 p.m., Saturday 10 a.m. to 5 p.m.

Woman's Club Plans

New Activities

The Antioch Woman's Club board met at the home of the president Mrs. Anton Stanich on Friday, July 23.

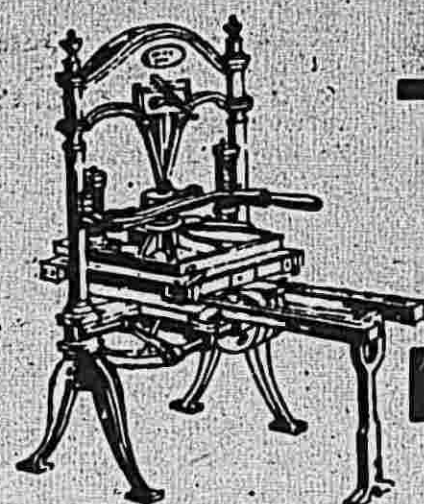

Plans for the coming year were discussed. The 1971-72 year will open on October 4 with a luncheon at Ogie Thompson's in Kenosha. A fashion show will be presented by Lepps of Kenosha.

New Deductions

A little blue bundle was delivered to Sandy and Ron Hansen of Florissant, Missouri on July 7.

His guest: "I'll have the same, except make it roast beef on white, chocolate pudding and tea."

SO-CI'E-TY

n.; pl. TIES. (L. societas fr. socius a companion; cf. F. societe. See SOCIAL) the relationship of men associated in any way to one another; companionship; fellowship; connection; participation.

Linda Ramage
Engaged to John Gollon

The engagement of Linda Ramage to John Gollon is announced by her parents, Mr. and Mrs. Robert Ramage formerly of Antioch and now living at 5447 N. Mulligan, Chicago.

Mr. Gollon is the son of Mr. and Mrs. Otto Johnson of Wildwood.

An August 28 wedding at Antioch Methodist Church is planned.

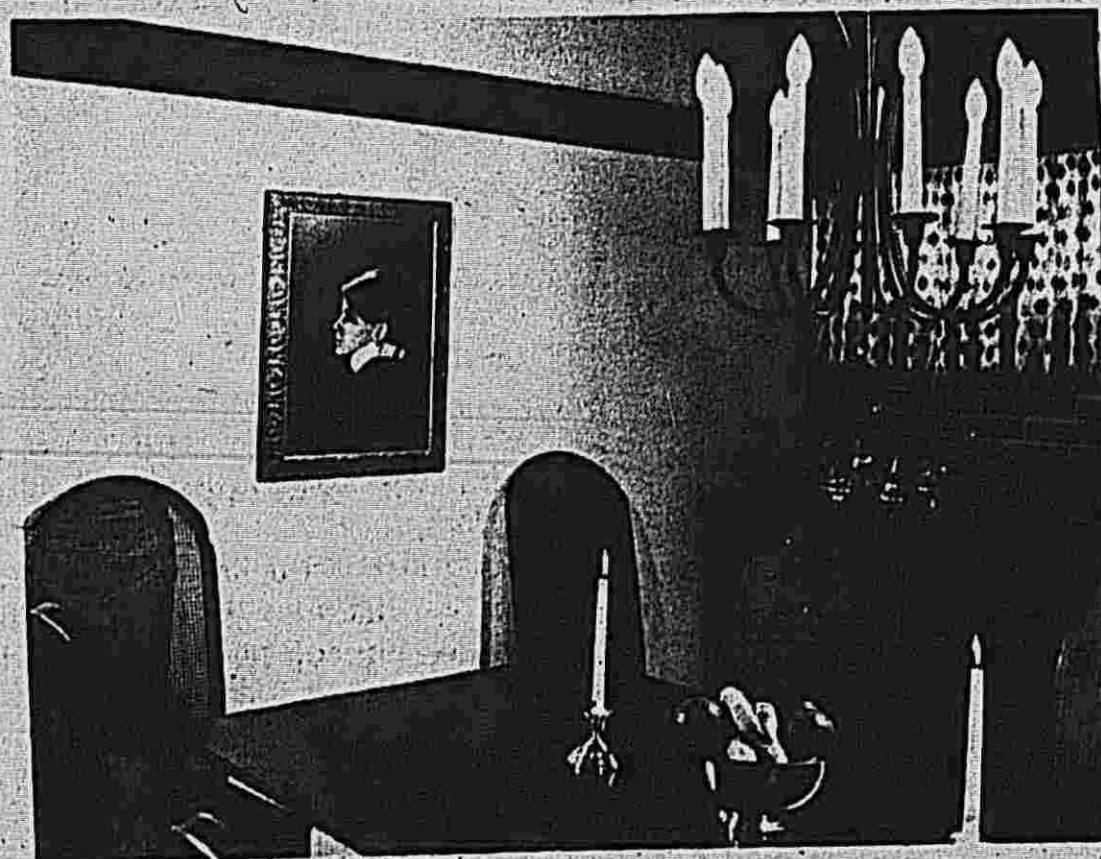

PORTRAITS

ADD TO HOME DECOR

Photographic portraits, much in vogue as decorating accessories in past years, are now enjoying a resurgence of popularity in an increasingly individualistic society.

Interior designers note that people are becoming more and more interested in individualizing their homes, comments Joseph Rush of B-J Studios. Because of our crowded cities, expanding suburbs, and mass-produced homes and apartments, living space often lacks a special human touch.

Antioch Students
Win WIU Honors

Donald Edwards and Dale Sisson, both of Antioch, are among 1706 undergraduate students at Western Illinois University who have been cited for their scholastic achievement during the spring quarter.

They are being honored for compiling a quarterly grade-point average of 3.3 or better.

Students must attempt at least 12 quarter hours for a letter grade to be eligible; pass-fail hours are not counted in the compilation as hours attempted.

DEBORA CHANDLER
ENGAGED

Mr. and Mrs. Emery Chandler of 1048 Bishop Street, Antioch announce the engagement of their daughter Debora Jane, to Mr. Erwin E. Cado, Jr. of Northbrook.

Mr. Cado is a recent graduate of Southern Illinois University and is presently employed at Gallagher Corp. of Glenview.

After a late summer wedding, Debora will resume her studies at Northwestern University.

Mr. Rush explains that something special is provided by portrait arrangements in various rooms. A grouping of portraits is really a gallery of visual memories that record a family's growth. Individual portraits introduce visitors to the personalities in a family and the Great Occasions they've shared, such as graduations, an important birthday, an anniversary, or a wedding.

The impact is subtle but effective. "I'm in a home not just a house" registers the subconscious impression.

Remember, don't let your "Great Occasion" slip by. Call today for an appointment at the B-J Studios, 395-5554, and make your house a home with beautiful portraits of YOUR memories.

Generation
Gap

by Karen Sheehan

Mid-summer is upon us with all the hot weather, picnics and fun that go along with it. Lots of good concerts too. Try Ravinia for an evening of fresh air, friendly people and great entertainment. It's easy to get to and not expensive either. Or see the Carpenters at Arie Crown on August 14 and 15. Now is the time to take a vacation too...

The end of this busy summer will find STEVE OWENS vacationing out West. Right now Steve is working for Ladd Construction Company but he'll take some time off in August. Probably he'll see DAVE CAMP in Texas while he's out that way. Steve will be a junior at Millikin University this fall.

SONJA NELSON isn't exactly on vacation, but she's not home this summer. Sonja went from St. Olaf in Minnesota where she finished her freshman year, to Elkhorn, Wisconsin to be on the staff of Lutherdale Bible Camp. Sonja made the Dean's List this year working on her nursing degree.

I saw several students of Illinois Wesleyan at PM&L this weekend. SUE STRINGER performs and helps out with the plays as much as she can, gaining experience in drama which is her major at Wesleyan.

BRUCE MCKINNEY

ASSIGNED LUKE AFB

DENVER-Airman BRUCE H. MCKINNEY, son of Mr. and Mrs. Charles I. McKinney of Rt. 3, Antioch, Ill., has graduated at Lowry AFB, Colo., from the U.S. Air Force weapons mechanic course.

The airman, who was trained to load and inspect the weapons used in Air Force fighter aircraft, is being assigned to Luke AFB, Ariz., for duty with a unit of the Tactical Air Command which provides combat units for air support of U.S. ground forces.

Airman McKinney, a 1969 graduate of Wilmot (Wisc) High School, attended the University of Wisconsin.

BRYAN SORENSEN will enter Illinois Wesleyan as a freshman drama major this fall. Bryan plays Mortimer in the PM&L production of "The Fantasticks". JIM O'CONNOR, a graduate of Grant High School who'll be a senior at Illinois Wesleyan, plays the delightful role of Matt, the young man in love.

Middleman TOM NICKERSON is now at the Air Station in Corpus Christi, Texas as part of his summer cruise for the U.S. Navy. Tom is the recipient of a Naval Scholarship at the University of Illinois where he'll be a junior Industrial Business and Commerce major. Tom has already been in Norfolk, Virginia this summer and will be in Fort Benning, Georgia at "Jump school" before the summer's over. Tom will probably be home for a few days between his stays in Texas and Georgia.

Johns-Manville employs TERRY NICKERSON this summer. Terry will return to Steven's Point, Wisc. where he attends Wisconsin State University. Terry is a senior Biology-Natural Resources major.

A history major at Western Illinois University in Decatur, ROD BOSWELL is working nights at Quaker Industries. Bos attended the University of Wisconsin at Whitewater his freshman year and will be a junior at Western this fall.

SAVE OUR STUDENTS:

The Antioch News offers its services to any employer with an available job. Just phone 395-5554 and we will find an anxious and willing student to fill your job needs.

"Fantasticks" delights the Audience.

by Karen Sheehan

What can you say when a group of local dramatists get together a delightful summer musical with all the fun and romance to go with it? - it's FANTASTICK!

The PM&L production of THE FANTASTICKS by Tom Jones and Harvey Schmidt charms the audience with its simplicity of set design and the comic realism of a young boy and girl and their encounter with love.

Matt is Jim O'Connor whose starry-eyed, "There is this girl," vividly portrays the enamored young man. And his voice is strong and pleasing as he belts out his songs.

Seeing Lindenhurst's Dina Fabry in the role of sixteen year old Luisa as she dances, sings and lives the part of a teenager, you'd never guess that she's actually a third grade teacher! She carries off the difficult role with great charm.

Lloyd Pedersen, lead vocalist with the Wayne King Orchestra, sets the mood as the

Heilgeist serves
U S S Durham

Marine First Lieutenant John T. Heilgeist, son of Mr. and Mrs. Joseph C. Heilgeist of Lake Villa is now serving aboard the amphibious cargo ship USS Durham in support of Marine Corps redeployment from Vietnam.

During a 34-hour loading period his ship's crew loaded over 2,037 tons of Marine equipment and material at Danang, Vietnam. The cargo will be off-loaded at Pearl Harbor and Long Beach, Calif.

PETTY OFFICER
CLARK ABOARD

USS SARATOGA

Navy Petty Officer Third Class Frederick O. Clark, husband of the former Miss Edlith Bruski of Rt. 2 Antioch, is now serving aboard the attack aircraft carrier USS Saratoga with the U.S. Sixth Fleet in the Mediterranean.

The 15-year-old carrier, now on her eleventh deployment to the Mediterranean, spent two days in Greenock, Scotland and is scheduled to visit Spain, Italy, Greece, France and Malta.

His ship is homeported in Mayport, Fla.

narrator and handsome bandit. His singing "Try to Remember" sends everyone in the audience back to their particular September of love.

The fathers, played by Al Ramsay and Tom Hausman, combined to add most of the comedy and the plot of the play. In the first act, with "Never Say No", they reveal their plot to feign disapproval in order to have their children fall in love. Then, in the second act their "Plant a Radish" expresses the unpredictability of children.

The Mute is a delightful extra addition to the play as his facial expressions mimic the mood of the play. Ron Koules does an expert job.

When Mortimer (Bryan Sorensen) and Henry (Don Beveroth), travelling actors, emerge from their box it's loads of laughs! Mortimer specializes in a dying act and Don Beveroth is "himself" as a Shakespearean actor.

As the show develops the audience becomes thoroughly enthralled as the singing and plot line carries it laughingly through the comical rape and the end of the first act. The second act watches the young lovers learn and mature. The action of the second act is again carried along by the music, a little more slowly perhaps, but with the charm and life that characterize this PM&L production.

Mother to teenager: "The day you get married is the day I'll stop sending you to camp."

MEMBER OF DINERS CLUB AND AMERICAN EXPRESS

Along the Way with

Annie Mae

The LIONS CLUB members are quite busy this week making final preparations for their Annual Bar-B-Q. Lots of fun is in store for young and old. This Sunday August 1 at the Aqua Center.

The Aqua Center is a busy place lately. Saturday night a group from Channel Lake held their annual pool party. Good weather makes for good fun, except for a few mosquitoes.

On Sunday the ANTIOCH FIRE DEPT., their families, and the ANTIOCH RESCUE SQUAD held a picnic by the pool. The kids enjoyed the many games the committee planned, and the adult games were just as much fun! Ask DON KASIK about the water balloon throwing contest!!!!

On the subject of water, the FIREMEN tried out their new court by the water tower last Thursday nite. The Women's team was practicing when a couple of RESCUE SQUAD members came over to see what was going on. Before they knew it, they had a water hose in their hands and were fighting against the girls. Not bad for beginners! Next lesson, this Thursday, 6:30 p.m. in the parking lot.

Did ya... ever see a house

move?! Wednesday morning July 28, George Palaske movers are going to be heading down Rt. 59 to Grass Lake Road moving the home that is directly behind the State Bank!...

July 28, AFS' FESTIVAL OF COMEDY at the High School Auditorium at 8 p.m. All the old time actors will be starring in Comedy of Shorts(?)!!

PEGGY AND JERRY VANPATTEN just recently returned from a vacation in Northern Wisconsin. Not all play, as Jerry was busy fixing up the cabin.

SUE STRONER left July 19 by Greyhound to Tomahawk, Wisc. to visit Mr. and Mrs. HARVEY ST. CYR. for several weeks. RICHARD AND HIS NEW WIFE from Montana are visiting in Racine and Antioch. He will be stationed in Michigan with the Air Force.

Understand there will be a wedding in the future for JIM and VIVIAN MAPLETHORPE, as their son JIM just became engaged. Wonder if DEB STROM was really surprised at the wedding shower VICKI WILTON threw for her on July 16...

It appears that eye-drops and liniment were the order of the day for employees of the State Bank of Antioch following their picnic last Sunday.

Six busloads of baseball fans (our little league) tried to cheer on the Brewers to victory last Saturday in Milwaukee, but to no avail as they lost to the New York Yankees 4-3.

The Lake County Fair will be the place for a bicycle contest on July 30 at 10 a.m. at the Farm Bureau Parking Lot. Bet there will be many sore legs after that!!

GET WELL wishes to HARRY WALLACE of Gary's Drive, and to Mr. R. LASCO and DR. BIRON.

HAPPY BIRTHDAY to Bernie Gutowski on July 31 and three on July 29 HARRY WALLACE who will be 70, CARL LEATHERBERRY, and BETTY VALENTINE.

Another Happy Birthday to Dina Fabry who's in "The Fantasticks" at PM&L this weekend. SEE IT!! July 29, 30 and 31.

Curtain going up...
Annie Mae

OUT-OF-TOWNERS VISIT

Mrs. Pam Creekmore of Red Bay, Alabama, was here for the week visiting her parents Mr. & Mrs. Joseph De Stefano, Rt 3, Antioch, and all her friends and relatives in the area. The big event of the visit was introducing their five month old twins - Keith and Kevin. This was their first trip up North. Patty who is 3½ years old had her share of the spotlight too.

There was a large family gathering on Saturday. Pam's husband, Carlis drove up for the event. They left for home on Sunday.

It Floats!! Mr. Robert Gallimore of Wedgewood Subdv. built a styrofoam boat for his children Robert and Janet. Neighbors said it would not, but it did.

American Legion Auxiliary News

The Antioch American Legion Auxiliary No. 748 will hold their regular meeting on Monday, August 2nd, at 8:00 P.M., at the Antioch American Legion Home. Mrs. John W. Horan, President, will conduct the meeting.

Honored guests will be Kathy Walpole, Girl Stater, and her mother, Mrs. Fred Walpole. Miss Walpole will tell the Unit members of her activities while attending Illini Girls' State held at MacMurray College

Campus in Jacksonville, last June.

There will be a discussion regarding the September meeting night, as it would be occurring on Labor Day, if held on the regularly scheduled meeting night. The past president's parley party is generally held in September, where special recognition is given past presidents. The meeting night change, for the month of September only, will have to be changed by vote of the members present.

Plans and preparations will be made for the forthcoming joint Installation of Officers of the Antioch American Legion and the Auxiliary, on September 10th, at 8:00 P.M., at the Antioch American Legion Home. Mrs. J. W. Horan, incoming President, states that her Installing Officer will be Mrs. Richard Brady of Gurnee, Past District Director; Mrs. John L. Horan, Past President and Past District Director, as Installing Sergeant-at-Arms; Mrs. Bernard Stadick, Past President, Installing Chaplain, and Mrs. Lester Zitkus, Past President, as Installing Musician. The last three named installing officers are Antioch Unit members.

Mrs. J. W. Horan emphasized her gratitude and thanks, on behalf of the Antioch Unit, to the many volunteer workers who gave of their time and efforts, to make the annual Carnival of the Antioch American Legion and the Auxiliary, a most successful affair!

Hostesses for the August 2nd meeting will be Mrs. Lester Zitkus, Chairman; Mrs. Lillian Hand; Mrs. Evan Kaye; Mrs. Lena Messing and Mrs. W. C. Petty as committee members.

Joint installations of other Legion Posts and Units in 10th District are as follows: Lake Villa, July 26th, at the Lindenhurst Civic Center; 10th District Auxiliary, August 6th, at the Homer Dahringer American Legion Home in Waukegan; Lake Zurich, August 7th; Lake Forest, August 9th; Wauconda, August 11th; Libertyville, August 12th; North Shore Line, August 13th, meeting place not yet designated; Mundelein, August 14; and 10th District Legion, August 20th, at the Wauconda Legion Home; Baxter Evans, September 1st, at the Homer Dahringer American Legion Home in Waukegan; Antioch, September 10th; Lake Regions at the Fox Lake Legion Home, September 11th; Gurnee, September 18th; and the Lake Bluff Post and Unit, meeting place not yet decided October 20th, is a partial list of the installations. All installations start at 8:00 P.M., unless otherwise stated. All legionnaires and Auxiliary members are welcome to attend these functions.

5 from Antioch on U of I Dean's List

URBANA, ILL. --Dean's lists for the 10 undergraduate academic units of the University of Illinois at Urbana-Champaign for the 1970-71 spring semester were announced today by Director Richard R. Marsh of the University Honors Programs.

Among the honored students are: Gerald L. Fon, Rte 3 Box 277, Antioch; and James R. Griffin, 806 Turner Drive, Antioch. Also Carol J. Kisill, Elizabeth A. Moore, and Thomas J. Nickerson, all of Lake Villa, Illinois.

To be eligible for the Dean's List, a student must be registered full-time in the university and achieve a grade average of 4.0 or higher (A equals 5, B equals 4). A list is prepared for the dean of each college.

COME TO THE VETS PICNIC—

AUGUST 4

A detachment of some fifty or more wounded Vietnam veterans from Great Lakes Naval Hospital will advance on the Arbor Resort Wednesday August 4th where the Women's Auxiliary of the Antioch Township Republican Club will be holding an all day picnic for them, beginning at 12 noon.

An old-fashioned chicken barbecue and corn roast, with all the trimmings and hot and cold drinks, will start a fun-filled day which will also include fishing, swimming, boat rides on the Fox Chain of Lakes, softball, horse-shoe pitching contests, card games, and just plain loafing; and will wind up in the evening with a dancing soiree to the cool music of Paul Hamer and his Quartet, supplied for the evening through the courtesy of the Waukegan Musician's Union.

Mrs. James A. Olson, president of the Women's Auxiliary and sixth-time chairlady of the party, urges girls of 16 or older, who would like to entertain the boys, and in turn have a great time doing it, to come out to the Arbor Resort which is just off of Grass Lake Road about one mile west of Route 59, anytime after 1 o'clock in the afternoon. Dancing will start about 7 p.m.

The less fortunate Vets at the hospital who are unable to come will not be forgotten. In the past, cakes and cookies were sent back to the hospital with the returning boys, and it will be done this year too.

Mrs. Olson has issued an appeal to women who can bake cakes and cookies to donate them for the boys who are so fond of home-made goodies.

These may be brought to the Arbor Resort on the afternoon of the picnic, or to Mrs. Harry H. Stern, 1039 Osmond Avenue, Antioch, phone 395-2713, all day

SLAVIK'S EXHIBIT AT GOLD COAST FAIR

The annual Gold-Coast Art Fair, scheduled for Aug. 13-14-15, 1971, will feature two Lake Villa residents among the nearly 600 artists who will exhibit their works in Chicago's famed Rush Street area.

Mr. and Mrs. Stuart Slavik will join artists from throughout the United States and Canada in the 3 day free fair of art, which last year drew an estimated 570,000 visitors.

Stuart Slavik's medium is oils. He exhibits under his own name and, according to his wife, is a "super realist". In contrast, Mr. Slavik's wife exhibits under the professional name of Stormy and is a modernist, a semi-abstract artist whose medium is watercolor. Stormy draws most of her inspiration from nature and the sea.

The Slavik home at Rt. 1, Box 207, Lake Villa, is more a base of operations than a home. And is that for only about half the year since they spend the winter months in Florida. Most of their time is spent traveling from one art exhibit to another and hoarding their remaining time for the creation of their works.

The Slaviks' exhibit will be located on Oak Street, off Rush.

THE ANTIOCH NEWS WED., JULY 28, 1971

Page 9

Tuesday August 3rd, and on Wednesday up to 12 noon.

Sheriff Orville "Pat" Clavey will be on active duty at the barbecue pit, pitting his culinary capability with that of Jim Olson, chief chef of the day. Rumor has it that Coroner Oscar Lind will put in an appearance too, to pitch in with the cooking chores, since he expects to be in the neighborhood, looking for a body, perhaps.

CHRISTIAN SCIENCE CHURCHES

"Love" is the subject of the Lesson-Sermon Sunday at Christian Science church services.

The nature of God as divine Love will be brought out in the Bible selections, including this one from I John: "And we have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him."

In one of the related citations to be read from SCIENCE AND HEALTH WITH KEY TO THE SCRIPTURES, Mary Baker Eddy emphasizes what this means for man: "Divine Love is infinite. Therefore all that really exists is in and of God, and manifests his love."

Services begin at 11 a.m. at First Church of Christ, Scientist, Beacon-Hill, Rte. 173 and Harden, Antioch. All are welcome.

MOOSE PICNIC PLANNED

The first regular business meeting of the current year was called to order by Senior Regent Judy Page on Thursday, July 15.

Co-workers Trudy McGoldridge, Rhoda Edwards and Karen Williams received their Chapter Pins for attending three consecutive meetings.

The annual Moose picnic will be held on August 8 at the Serbian Monastery.

THE
TRUTH THAT
HEALS

Obituaries

CHARLES P. EMMING—62 years old of 368 Birchwood Dr., Antioch passed away Tuesday July 20 at Rolling Hills Manor Nursing Home at Zion, Ill. after a several months illness. He was born Aug. 5, 1908 in Chicago and lived there until moving to Antioch 3 years ago. He had lived summers in Antioch for the past 15 years prior to moving permanently here. He was a member of St. Peter's Church in Antioch; the IBT Union Local No. 705 of Chicago, and also the bellpark Service Mens Club of Chicago. He had worked as a truck driver for the Glen Denning Motor Ways of Chicago for 27 years and recently for Quaker Industries in Antioch. He married Josephine SanFilippo on Sept. 29, 1934 in Chicago.

Survivors are his wife; 2 sons Charles R. Emming (Washington, D.C.) Philip J. Emming (Antioch) 1 sister; Mrs Edward (Hazel) Lieske (Cheyenne Wyoming) 1 grandson also survives.

He was preceded in death by 1 brother; August and 2 sisters; Irene Emming and Caroline Falk. Funeral Mass was held Sat. July 24 at St. Peter's Church, Antioch. The Rev. Alfred Henderson officiated. Interment was in Mt. Carmel Cemetery, Antioch.

MRS. MARY BLUE—80 yrs. old of Woodbine Subdivision at Channel Lake, near Antioch, Ill. passed away at 12:15 A.M. on Monday July 26th. at Victory Memorial Hospital.

She was born August 9, 1890 in Krasicu, Austria and came to the United States in 1909 to reside in Waukegan, then moved to Hammond, Indiana in 1911, to Chicago in 1935, to Cedar Lake, Indiana in 1937 and to Antioch 6 years ago. She is a member of St. Peter's Church in Antioch, the Hammond, Indiana Court No. 513 of the Catholic Order of Foresters. She had been a practical nurse by occupation. Her only survivor is 1 daughter Mrs. Evelyn (George) Kunze of Antioch with whom she made her home.

A funeral mass will be held at 10:00 A.M. Wed. in St. Peter's Catholic Church at Antioch. Interment will be in Elmwood Park Cemetery at Hammond, Indiana. Strang Funeral Home in Antioch took care of all arrangements.

Life Underwriters to Have Booth

The Lake County Life Underwriters will have a booth at the 1971 Lake County Fair in Grayslake from July 28 through August 1. The booth will be located in Commercial Building No. 1 of the Lake County Fair. It will feature information on, and a display of, Medic Alert bracelets. Publicizing these bracelets has been a public service project of the Lake County Life Underwriters during this year. The bracelets are worn by people who have hidden medical problems and/or allergies to notify emergency personnel of their given problem.

MEDIC ALERT, a non-profit organization, has helped save many lives through the use of Medic Alert bracelets. Detailed information

THE ANTIOCH NEWS

WED., JULY 28, 1971

Page 10

on the bracelets, as well as order blanks for them, will be available along with samples of the bracelets for the public to inspect.

In addition, the Life Underwriters will have free literature available on the life insurance industry and on life insurance in general. The highlight of the booth this year will be a medical scale to check people's height and weight, and to compare them with the life industry weight standards. This service will be free of charge, but the Life Underwriters would like those people who are found to be overweight to contribute a penny a pound to the Heart Association of Lake County. Naturally, such a contribution would be on a voluntary basis.

The public is cordially invited to stop by the booth for the free information and literature, as well as to check their weight.

GRADE SCHOOLERS SHOW ART WORK

Be sure to stop at the First National Bank and see the art work done by the students of the art class in the Antioch Community Grade School Summer Session.

With the encouragement of their teachers, Miss Kretsch and Mr. Louis Kontos, the children have produced found object prints on paper and fabric, burlap stitchery, and crayon etching.

ARTISTS AND GARDENERS MEET

ANDERSONVILLE, U.S.A., is sponsoring its Seventh ANNUAL ART FAIR and GARDEN WALK on Saturday and Sunday, July 31 and August 1. Over 100 artists from five states will be on Clark Street, between Foster and Balmoral, from noon until sundown each day. The Garden Walk will be from noon until 5:00 p.m. each day. Maps will be available at no charge. Info call 334-3600.

Two attend Youth Conservation Workshop

One hundred and fifteen senior high school age students from throughout Illinois have completed a Youth Conservation Workshop program this summer at Western Illinois University.

Among them from our area are: Anita Cooper, R. R. 2, Antioch, Sponsored by the 1st National Bank of Antioch, and Connie Krantz, R. 1, Antioch, Sponsored by the Antioch Lions Club.

The program, which was divided into three one-week sessions, was sponsored by WIU's office of continuing education and the department of agriculture in cooperation with the Office of the State Superintendent of Public Instruction.

Topics covered included soil and water conservation, wildlife conservation, air pollution, forest conservation, forest conservation, water resources and water pollution problems, chemicals in agriculture and their advantages and disadvantages in food production, world food resources and future prospects, urban planning and development for best possible uses of resources, human resources, and careers in various fields of conservation.

A highlight of the program was field trips to observe strip mining scars on landscape and to see where land is being reclaimed and put to use like that at the Gale Farms between Canton and Cuba, and a visit to the American Mining and Refining Company Mine at Trivoli, where they toured the operation and discussed strip mining with a company official.

Instruction was provided by Dr. Fred C. Caspell, assistant

professor of geography; Dr. Norman E. Wingard, assistant professor of geology; and Dr. Robert G. Palmer, associate professor of agriculture, all at WIU. Palmer also was the workshop coordinator.

PTA PLANS WORKSHOP

Plans for the Oakland Grade School PTA's workshop are well under way. The purpose of the workshop is to make items for the PTA Christmas Auction and Bazaar scheduled for early December, and to give persons in the area an opportunity to learn the crafts to be demonstrated. Everyone is welcome to come - you need not be a member of the PTA.

The workshop will be held Monday through Friday, August 2 through August 6 from 9 a.m. until 3 p.m. at the Oakland Grade School. Monday Children's pictures, wall hangings, and bulletin boards will be made. Tuesday, ceramics will be demonstrated and available for painting and finishing. Wednesday Flowers will be made from many materials and artificial flower arrangements will be made. Thursday Christmas decorations and ornaments of many varieties will be made. Friday, working with paper mache and acrylics will be demonstrated for use in Christmas decorations and home decorating.

There will be no cost for the demonstrations. However the PTA hopes that volunteers will bring any scraps of material, yarn, glitter, old flower pots and vases, contact paper or whatever they might have that would be useful. All items made will be donated to the PTA for the Christmas project.

Mothers may bring their children since babysitters will be available at the school for \$50 per day.

If the project is successful, the workshop will be conducted a second week, Aug. 9 to 13. Group workshops are also being planned in the homes of PTA members during the fall.

The Oakland PTA hopes that many will take advantage of the demonstrations and the opportunity to share ideas and friendship. Anyone needing a ride to the school may call Nancy Richardson at 356-8035, Jean Montrimas at 356-3147 or Gail Heath at 395-3929.

Chuck Cermak Attends Convention

Chuck Cermak, agent for American Family Insurance Group of Madison, Wisconsin, has returned from attending the companies' sales leaders convention held July 22-25 in Chicago. Wives of qualifying agents were also invited to attend.

Invitation to the convention was earned by being among the leading career agents in sales of American Family Insurance. Achieving this honor is recognition for the quality insurance service provided in Auto, fire, homeowners, casualty, health and life insurance.

This Chicago convention is the 15th meeting of the companies' leading agents. There were 392 of the 1,861 American Family agents who earned an invitation to the 1971 sales session.

Activities included business sessions, an honors banquet, plus recreation activities.

4-H & Lake County FAIR News

The words "County Fair" always increase the excitement of 4-H members throughout the land. And Lake County, Illinois, is no exception as 1400 4-H boys and girls prepare over 3,000 exhibits and animals for the 1971 Lake County Fair in Grayslake, Illinois.

July 28, through August 1st is the official time slot for both the 4-H and the general fair. 4-H leaders will readily attest to long hours already spent in several pre-fair contests.

Unique changes in 4-H have resulted in more urban oriented projects being added to the traditional farm project spectrum. If your thing is to study Aerospace, the 4-H building has it. Aerospace along with Money Management, Cat Care, and the ultra-modern "Do Your Own Thing" project for older 4-Hers, were begun by the state in 1971.

Wednesday, July 28 has been declared 4-H DAY according to L.A. Nordhausen, Lake County Fair secretary.

Highlights of the general Fair include fireworks on Thursday through Saturday; a Demolition Derby on Sunday and an open 4-H Livestock auction on Saturday.

The County Fair Queen and the 4-H King and Queen will be on hand to greet people.

A special 4-H feature of this year's fair will be hourly demonstrations on various 4-H projects such as foods, flower arranging, and leathercraft in the 4-H Building. 4-H Club work is sponsored by the Co-operative Extension Service, the University of Illinois. For more information on the Lake County 4-H division of the Fair or 4-H in general, call the Lake County Cooperative Extension Office at 223-5844 or 223-4844.

FAMILY

FUN AT

MIDWEST FAIR

The Second Annual Great Midwest Fair, running July 30 through August 8 at Balmoral Park in south suburban Crete promises to be the Chicago area's number one family fun event, according to a release by the fair's sponsors. The fair will feature "world famous educational and cultural exhibits, . . . something for everyone . . . of a quality unmatched by any Chicago Fair since the Century of Progress."

"A" awards given in Skirts and Shifts are l to r; Audree Kapischke and Karen Kirschke.

ANTIOCH ADVENTURERS PLACE

suit received an "A" for Linda Lagerstrom.

A 4-H Lake County style show was held July 23rd. Grand Champions and State Delegates are announced at this program. The Antioch Adventurers received the following awards: AUDREE KAPISCHKE, Grand Champion in skirts; KAREN KIRSCHKE, Grand Champion in shifts; DORIS MEUTER, State Fair Delegate in Sportswear; SILVIA MEUTER, State Fair Delegate and Grand Champion in Best Wear; LINDA LAGERSTROM, State Fair Delegate and Grand Champion in Tailoring.

The delegates will attend the State Fair in Springfield in August.

Skirts and shifts were judged July 19th prior to the County Fair opening. The following girls received "A" awards: Terry Corey, Kathy Haase, Karen Kirschke, Audree Kapischke, Susan Meuter and Violet Meuter.

July 20th was the Food Demonstration contest and the team of Silvia and Doris Meuter received a "B" rating with their demonstration of "Yugoslav Kisle".

Advanced clothing was judged July 21st. Doris Meuter's outfit, a green jumpsuit and slack outfit, received an "A"; fur hotpants and coat won an "A" for Silvia Meuter and a wool three-piece

4-H'er attends Jr. Leader's Conference

Linda Lagerstrom of Antioch is among more than 350 outstanding Illinois 4-H members attending the 1971 Illinois 4-H Junior Leaders' Conference at State Memorial Camp, Monticello, July 26-30. Bill Messerschmidt, Lake County Extension 4-H Advisor, explains that the young people attending Junior Leaders' Conference were selected as outstanding junior leaders in

their home counties.

During the four-day conference, the Lake County delegation will meet with junior leaders from throughout Illinois to sharpen leadership skills— with special emphasis on counseling, program planning, and teaching.

Delegates will discuss ways to identify the feelings and ideas of people, to increase their ability to interact effectively with others, and to serve those often neglected such as underprivileged youngsters, emotionally disturbed teenagers and senior citizens.

"The real benefit of Junior Leaders' Conference comes when the young people return to Lake County and apply the lessons they've learned to their local and county 4-H programs, such as our County Junior Leaders' Workshop," Messerschmidt says.

LEGAL NOTICE

NOTICE OF SPECIAL ELECTION

School District Number 34
Lake County, Illinois

NOTICE is hereby given that on Saturday, the 18th day of September, 1971, a special election will be held in and for School District Number 34, Lake County, Illinois, for the purpose of voting upon the following proposition:

Shall the maximum annual tax rate for building purposes of School District Number 34, Lake County, Illinois, be increased and established at .375 per cent on the full, fair cash value of taxable property as equalized or assessed for state and county taxes instead of .250 per cent, the maximum rate otherwise applicable to the next taxes to be extended for said purpose?

The approximate amount of building taxes extendible under the maximum rate now in force in said School District is \$104,586.00.

The approximate amount of building taxes extendible under the proposed increased rate is the sum of \$156,879.00.

That for the purpose of said election said entire School District shall constitute a total of three election precincts and the polling places for said election shall be as follows:

VOTING PRECINCT NO. 1 Shall consist of all that part of Antioch Grade School District Number 34, Lake County, beginning at the east shore of the channel flowing into the northern part of Channel Lake and extending south to Smith's Resort (but not including Smith's Resort) on Route 173, thence southeasterly past the east end of Venn Road to the north shore of Lake Marie. Beginning at the State Line and the east shore of the Channel flowing into the north part of Channel Lake and extends east to Deep Lake Road then south including the West side of Deep Lake Road to Route 173, then west including the north side of Route 173 to Grimm Road (Hickory Road), then both sides of Grimm Road West to Route 83, then west to east shore of Lake Marie.

POLLING PLACE: Antioch Community Consolidated Grade School, located in the Village of Antioch, Illinois.

VOTING PRECINCT NO. 2. Shall consist of all that part of Channel Lake School, Lake County, beginning at Wilmot Road and State Line and extending south including the east side of Wilmot Road (south of Route 173) to State Park's southern boundary. Extending from Wilmot Road and State Line east to the west side of the channel flowing into the northern part of Channel Lake and extending from this point south across Channel Lake to and including Smith's Resort on Route 173, then on a line extending southeasterly past the east end of Venn Road to the north shore of Lake Marie.

POLLING PLACE: Channel Lake School, located in the Township of Antioch, Illinois

VOTING PRECINCT NO. 3. Shall consist of all that part of Oakland Grade School, Lake County, beginning at the east side of Deep Lake Road and the State Line and extending south to the south side of Route 173 then west to Grimm Road (Hickory Road), then south on direct line to south shore of Loon Lake at Shady Lane, then south to Town Line Road including North and Denes Streets. The balance of this precinct would be all that area east of the division line described in the above paragraph.

POLLING PLACE: Oakland Grade School, located in the Township of Lake Villa, Illinois.

Voters must vote at the polling place designated for the voting precinct within which they reside.

The polls at said election will be opened at twelve o'clock Noon and will be closed at seven o'clock P.M. on said day.

By order of the Board of Education of School District Number 34, Lake County, Illinois.

DATED this 20th day of July, 1971.

/s/ **RICHARD HARLAND**
President of the Board of Education of School District Number 34, Lake County, Illinois.

/s/ **JOAN TOFT**
Secretary of the Board of Education of School District Number 34, Lake County, Illinois.

CHICKEN BAR-B-Q TIME IS HERE!!

It is fun for everyone at the Lions Club Chicken Bar-B-Q Sunday, August 1 at the Aqua Center.

The select, juicy, young chickens will be charcoal broiled to perfection under the watchful eyes of cooking chairmen Ronald Anderson and Gary Richter. Serving will begin at 11:00 a.m. and end about 6:00 p.m.

Highlight of the afternoon will be the auction conducted by expert auctioneer Herman Behm - in fact it is quite a treat just to hear and see him perform. Bar-B-Q chairman, Art Meierdick, promises to have many excellent items for auctioning.

Special attractions and games for adults and children have been planned and developed by chairmen Thomas Haley and Earl Stringer. A full afternoon of fun activities will be supervised by a committee of ten Lions Club members.

Cooking and serving crews have been advised to have the charcoal pits ready for broiling at 10:00 a.m. so actual serving can begin at 11:00 a.m. Keep in mind that carryouts in handy boxes have become a popular way to serve guests at home or at picnics. However, an ample supply of tables and chairs will be set up by chairmen Richard Endries and Irving Buchta for use on the Aqua Center grounds.

Park of the Week

Buffalo Rock State Park is located on a bluff which was once an island in the Illinois River. Now standing majestically on the north bank, this promontory affords a magnificent sweeping view of the Illinois River.

In 1928, this pretty, historic and scenic forty-three acres became a state park. Located about three miles west of Ottawa in LaSalle County, the spot has long been a favorite picnic area, as well as a haunt for nature lovers.

Buffalo Rock is said to have served the French as an early military, trading and missionary post. LaSalle and Tonty, after building Fort St. Louis on Starved Rock during the winter of 1682-1683 gathered almost 4,000 Indian warriors at the front of Buffalo Rock and formed a confederation against the Iroquois. Among the tribes in the confederation were the Miami who built their own fort on Buffalo Rock.

There is a shelter house with a refreshment stand and rest room facilities. Camp stoves are provided around the park, which has ample shade. A fenced enclosure houses a pair of buffalo.

Fishing is also good here, and bullhead and carp seem to be the prevalent catch. There is some skiing and swimming in the river and motors are allowed.

RABIES DIAGNOSED

A positive diagnosis of rabies was made on July 16 in a skunk that was apprehended within 1½ miles of the Waukegan city limits. Rabies in skunks is not uncommon in this locale, yet the nearness of this one to highly populated urban centers points up the urgency for all pet owners to have their animals vaccinated. It is also imperative that owners now allow their animals to run loose, especially if there is any brush or wooded area nearby.

Picnickers and others who frequent our wooded areas are urged not to get near any wild animal, especially if the animal does not appear well. A rabid skunk usually acts abnormal. It is common for

them to wander or sit in open areas in the daylight, such as on a driveway, on a highway or in a yard. A healthy skunk would not do this.

KNOW RABIES!

The return of warm weather brings with it increased contact between humans and animals, and this increased contact increases the chances for rabies infections. When wild animals begin to move about, their chances of coming into contact with humans and domestic pets increase. As warm weather brings more excursions into parks and wooded areas, and as more children play out of doors, the chances of humans and pets being bitten by a diseased animal are magnified.

Most often rabies is transmitted through biting, in which the virus present in the animal's saliva enters the body through the broken skin. Rabies may also be transmitted in such seemingly innocent ways as by an infected animal licking the skin where there is

already an abrasion or scratch.

Skunks, foxes, and bats are wild animals which commonly carry rabies. Cows, dogs, and cats are common domestic animals which can carry the disease.

A diseased animal usually shows a change in disposition. Such an animal may bite or attack with little or no provocation. Sometimes, an animal with the disease wants to be by itself and does not respond to humans or other animals. In some instances, a wild animal will lose its natural fear of man. In any event, the behavior is not natural, and animals behaving unnaturally are best left alone.

Humans affected with rabies may develop fever, a headache and/or a sore throat. Swallowing is very difficult and painful. As the disease progresses, an affected person may become nervous and

excitable with convulsions. Sometimes, a patient will become paralyzed. Rabies is almost always fatal.

A person bitten by an animal should be taken to a doctor immediately. Every effort should be made to capture the animal and notify the county rabies inspector and health department. Avoiding strange animals, especially those whose behavior seems odd or unusual, is the best way to avoid the disease. Furthermore, pet owners should have their pets vaccinated against rabies by a qualified veterinarian.

TAX INCREASE PROPOSED

At the regular monthly meeting of the board of education of Antioch Grade School it was established that the polls will be open from 12 noon to 7 p.m. on Sept. 18 for a special election seeking approval of a .125% school taxation increase. (Story on page 1)

In further business the results of the July 16 meeting with Orput & Orput were discussed. It was decided that the type of glass intended for the showcase would present a hazard if children were to lean on it. Receiving credit for the original glass, a new sheet will be purchased.

The board also decided to pay the \$7,255 for folding partitions. There had been an error in the original quote from Orput & Orput, requiring this additional building expense now. Jerry Vandermeer of the building committee also reported the necessity of paying for additional wood panelling at a cost of \$540 and sink hookup of \$530.

The building contractor agreed to pay for the necessary alterations in washroom plumbing which they had neglected to do previously. They will bear the expense of relocating electrical outlets also.

It was decided that Sullivan Bros., Inc. will be employed to improve the acoustics of the new band room. After a report from Mr. George Olisar, band director, that the acoustics are poor by Orput & Orput to test the room. Since acoustics are not guaranteed, these modifications will be at an additional cost to the school.

In considering the 1971-72 athletic program it was decided that if a qualified teacher can be found, a wrestling mat and equipment will be purchased. This sport will then be added to the athletic program.

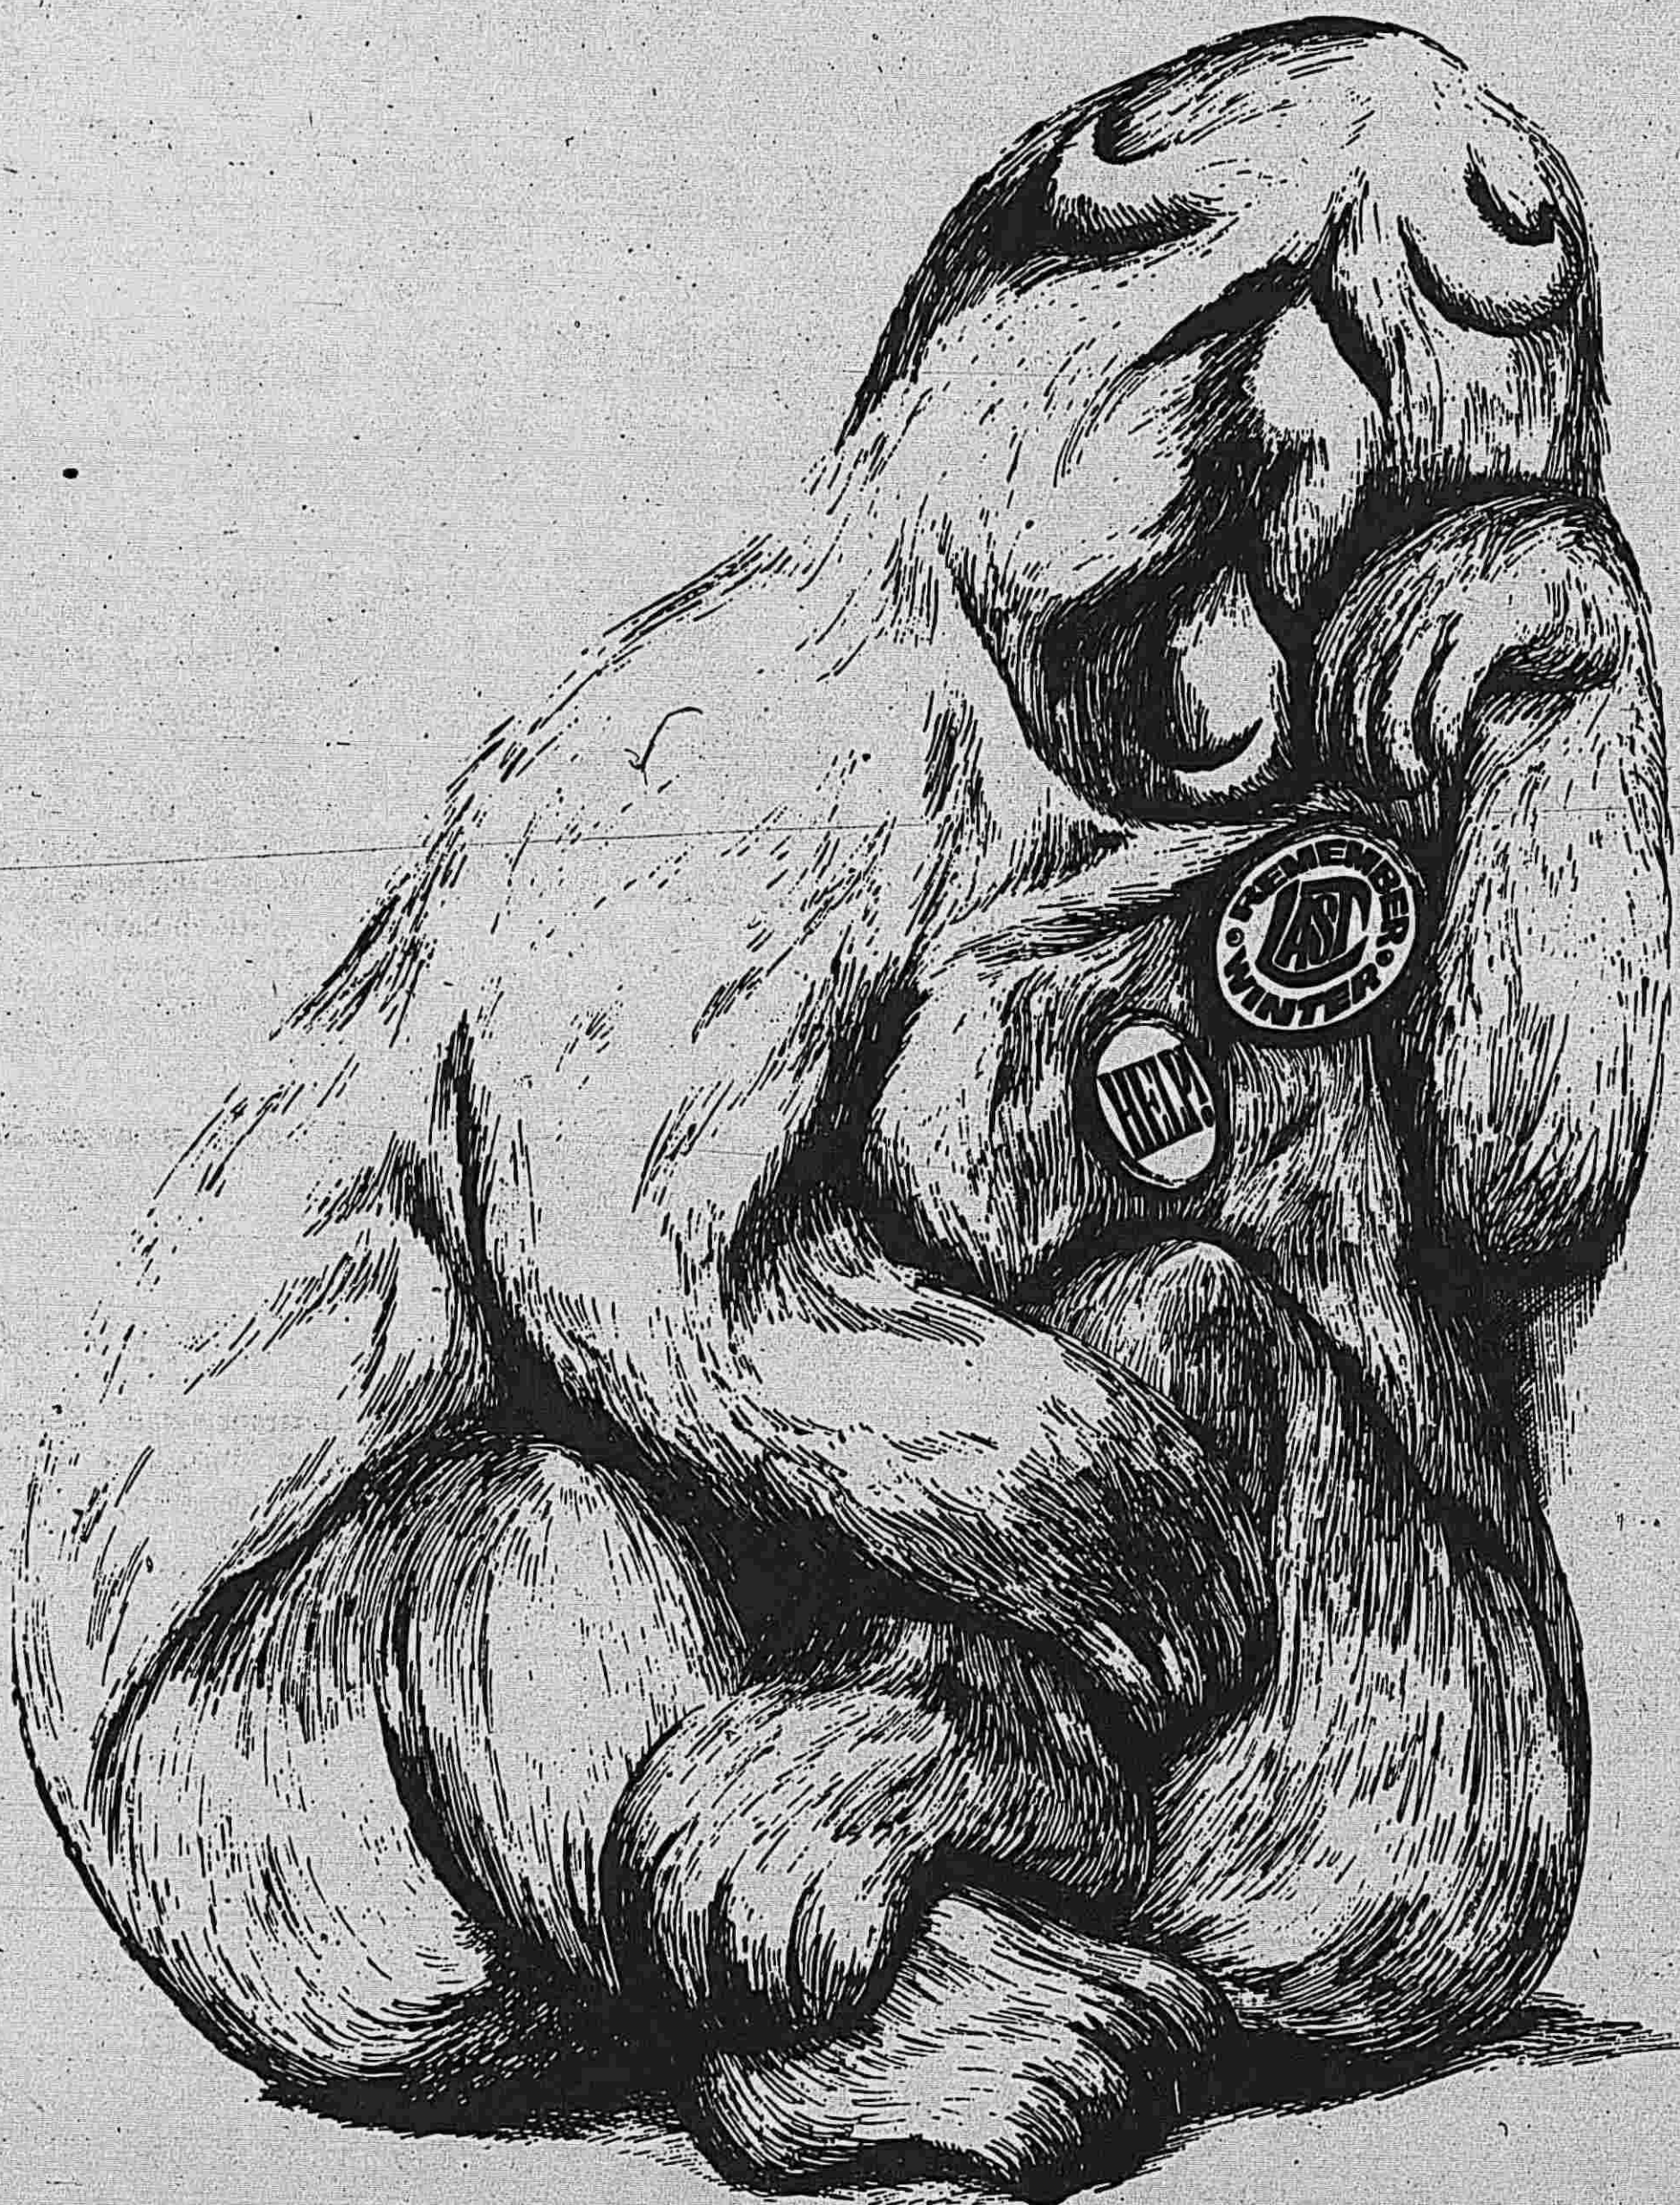

The sum of \$4360 was approved as a total expenditure for the interscholastic extra mural program which includes basketball, softball, track and cheerleading and wrestling if added.

Bids were considered for milk for next year. Willowdale Dairy was awarded the bid of \$0.0579 per ½ pint carton of Grade A pasteurized milk.

The quotation of Atlas Boiler and Welding Co. for \$1669.45 was accepted for replacing 74 tubes in the boiler at Oakland School.

In other action the Board accepted the resignation of Mr. Duckles.

New teachers approved for the upcoming year include Margaret White in Language who will replace Mr. Nielsen who is on a one year leave of absence without pay. Mr. Gilbert Ray has been hired as a Shop teacher and Janet Corcoran will teach Science.

**There may be a big cold monster sleeping in your basement.
He'll be easier to take care of now than next winter.**

He seldom causes trouble, but if you don't take care of him that's just what he might do. He's lurking in your furnace. And he can make it conk out in the middle of a cold spell. But taking care of him is easy. Just call your AMOCO® Heating Oil Man. He has a full line of home heating equipment to replace a faulty furnace.

Or he can repair your old furnace to have it purring like a kitten before the snow flies.

And he'll keep it purring with regular check-ups and AMOCO Heating Oil. Why wait till the monster wakes up? Call your AMOCO Heating Oil Man now. And enjoy trouble-free heating all winter long.

Swimmers 3rd N. Suburban Conference

The Antioch Swim Team, looking sharp and in and out of the water in their red swim suits and white sweatshirts, furnished by the State Bank of Antioch, finished third in the North Suburban Conference Championship meet at Lake Forest. The meet was so close that the final outcome was not known until a half hour after the last race was run. The final score showed the host team, Lake Forest, and Tennaqua (Deerfield) tied with 225 points each. Antioch followed close behind with 181 points, while Plum Grove (Palatine) placed fourth with 178 points. Brentwood scored 98 points for fifth and Old Willow was sixth with 9 points.

The Muro brothers, Mike and Pat, scored a one-two in the 16/under 50 meter fly with Mike beating Pat by only .2 of a second. Mike also scored first in the 50 meter backstroke and third in the 100 meter individual medley. Pat scored third in the 50 meter freestyle, and swam the fly lap on the second place 100 meter medley relay. Along with Pat on the relay were Mary St. Pierre swimming back, Frank Abderholden swimming breast, and young Teddy White anchoring the team with freestyle. This relay is unusual in that the combined ages of the swimmers must not exceed 48 years.

John Schmidt and Greg Shepard completely dominated the 8 and under boys by placing first and second respectively in both the freestyle and backstroke. Judy Houghton placed 5th in 25 meter freestyle, and was 4th in backstroke for 8/under girls.

The 9/10 boys were led by Jack Fields, who qualified for the finals in both 25 meter free and back. He placed 3rd in free and fourth in back. Jack also swam on the 200 meter freestyle relay that placed 4th; swimming with him were Jody Fields, Scott Reeves, and Bob Dodd. David Walpole placed 4th in the 10/under breaststroke, and Bill Garrels added a 6th in the backstroke. Jenny Schmidt qualified for the finals in three events for 11/12 boys: 50 meter free, placing 3rd; 50 meter back, placing 4th; and 100 meter individual medley, placing 4th. Scott Reeves placed 6th in the individual medley and 5th in 50 meter breaststroke, while Tim Waite added a 5th in the backstroke for the 11/12 boys.

The 11/12 girls were led by Suzy Berry who scored first in the 50 meter backstroke, and placed 5th in butterfly for 14/under. Suzy also placed 5th in the 12/under diving competition. Mary St. Pierre placed 3rd in the 11 meter individual medley for girls and Lynda Fields placed 6th in the backstroke.

Bob Dodd scored a 2nd in the grueling 50 meter fly for 14/under and placed 4th in the 50 meter free in addition to swimming on the 4th place free relay team. Dave Berry added another 2nd for the 13/14 boys in the 50 meter backstroke and placed 5th in the 50 meter butterfly. Frank Abderholden placed 4th in the backstroke and 5th in the breaststroke in addition to his 2nd place medley relay effort. Kim Klopp placed 4th in the 50 meter backstroke for 13/14

Row 1, l. to r. Bob Streicher, Coach, Audrey Simek, Marcia Doolittle, Carole Heike, Pam Wickersham, Diane Crandall, Jackie Vos. Row 2, l. to r. Jim Murphy, Coach, Wendy Jensen, Debbie Kaminski, Sandy Casella, Wendy Gee, Sis Gallagher, Maggie Murphy, Cheri Dalgaard, Phil Vos, Manager.

girls.

The 15/16 girls added two 2nd place finishes in the finals. Barb Dodd scored a 2nd place in the 50 meter breaststroke; Charlene Uresy placed 2nd in the 50 meter backstroke. Charlene also placed 6th in the 50 meter freestyle and Judy Berry added a 3rd place in the 50 meter back. Supporting the Muro brothers in the 15/16 events for boys was Ed Berry with 3rd place finishes in both back and breast.

Other members of the team swimming in the preliminaries, but not qualifying for the finals were: Jeannie Cilik, Scott Gallagher, Kevin Walpole, John and Kit Kakacek, Sue Solomon, Joanne Lubkeman, Jeff Schmidt, Kiki Wawro, Chris Walpole, Dorothy Emmerich, Gina Teresi. Fining in the 16/under competition were Jody Fields and Terry Lear and in the 12/under competition was John Kakacek.

ANTIOCH SWIMMERS WIN ONE, LOSE ONE

The Antioch Swim Team had a very busy week, taking part in two away from home meets. They swam well, but couldn't quite take a powerful Plum Grove (Palatine) team last Tuesday, losing by 201 to 155.

John Schmidt, Greg Shepard continued their winning streak in both 25 meter free and back, taking first and second respectively. Also, scoring first and second were Mike Muro and Ed Berry in the 100 individual medley, Bob Dodd and Dave Berry in the 50 meter butterfly for 14 and under boys, and Mike and Pat Muro in the 50 meter butterfly for the 16 and under boys. Jody Fields and Terry Lear got a first and third in the 16/under diving and John Kakacek took a second in the 12/under diving.

On Thursday night, still upset by their loss to Plum Grove, they avenged that loss by stunning Bradford (Kenosha) team 217 to 110. It was a good all-around team effort, and all Antioch swimmers scored first, second or third except for two fourths. One of these fourths, incidentally, was scored by 7 year old Mark Shepard when he filled in for a missing 14

HONOR AMERICA NIGHT

The Milwaukee Brewers, in cooperation with military units and veterans organizations, will sponsor an "Honor America Night" Friday, August 13, at Milwaukee County Stadium.

A ceremony starting at 7:25 p.m. before the Milwaukee Brewers-Cleveland Indians baseball game, will feature the formation of an 80 member basic training unit of Naval recruits from Wisconsin. The unit will be named the Milwaukee Brewers Company and will carry the team's pennant while in basic training at Great Lakes, Illinois. Rear Admiral Draper Kauffman, Commandant of the 9th Naval District, will administer the oath of enlistment.

The pre-game ceremony will also feature a performance by the United States Army's 84th Division Band, a "Wheel chair" color guard comprised of servicemen injured while on duty, and a recitation of General Douglas MacArthur's famous "Duty, Honor, Country" address.

The Brewers announced that all servicemen in uniform will be admitted to the game for a \$1.25 reduction on the price of any ticket excluding bleacher seats.

RAIN WINS OUT
AGAIN

AT LAKE GENEVA

Again it was rain the victor at the Lake Geneva Raceway as time trials were just completed for the super modifieds that would have started the 40 lap mid-season championship races. The event was scheduled last week but again it was rain that ended the trials.

An announcement was made at the track regarding two drivers who were injured at the Kenosha County Speedway in Wilmot on Saturday night. Don Schummacher, Milwaukee was still in Burlington Memorial Hospital with leg injuries and today, Gary Weise, Genoa City, who also flipped at Wilmot was hospitalized with back injuries. Also announced was an accident on the highway to a sportsman stock car driver, Charlie Weddle, Milwaukee as he drive toward the track. In Burlington, it was reported that a car drove into his car causing injuries that put the "Ole Black Fox" in the Burlington Memorial Hospital. Weddle had won the race at the Lake Geneva Raceway on the previous night.

The rain out just about ended the hopes of Johnny Reimer, Caledonia of catching Whitey Harris, Lake Villa, for the point lead. Reimer leads at all other IRA tracks and was pointing toward not only the Raceway lead but the Championship overall.

I R A Point Leader

SPEEDY NIGHT AT WILMOT FOR REIMER.

Speed was the highlight of the evening at the Kenosha County Speedway in Wilmot Saturday night at Johnny Reimer, Caledonia won his 4th Wilmot and his 9th IRA Super Circuit feature of the season.

Starting with the time trials when defending champion Whitey Harris, Lake Villa turned the fastest lap of the year averaging 52.04 MPH in 17.29 seconds, through to the final checkered flag, everything was run off at a faster pace than so far this season with all 12 events concluding before 11:00 P.M.

Two of the five 10 lap heat races for the modifieds had spectacular flips with one causing injury to Don Schummacher, Milwaukee when his car was part of a three car group to roll over after Ron Bidlacks car had a clutch and transmission failure. Schummacher was taken to Burlington Memorial Hospital with knee injuries. Gary Weise, Genoa City was dazed from his roll over but recovered to come to Officials stand and acknowledge a huge cake baked by his fans for his birthday. In the first heat race

Bill Heberer, Milwaukee, flipped just as the race ended with John Olson, Round Lake the winner. He was not injured.

Butch Bergsma, Richmond led the field first from his pole position start in the feature with Roger Otto, Burlington, who won at Wilmot last Saturday night, taking over after six laps. Reimer worked his way forward and this time made good his bid to lead Otto. He had finished second to Otto last week.

Harris, who nearly missed the feature because the engine on the No. 1 Pursnatcher modified was tore down to change a push rod, finally got second spot but time ran out with Harris leading a tight bunch with Denny McKay, Elgin, (driving for Tom Anderson, Antioch, who hopes to be back after that broken shoulder mends as early as this Saturday night), doing a great job in only his second race of the season. Otto was 4th; Jim Bozeman, Waukegan, 5th; Butch Bergsma 6th and Bill Bohn, Kenosha, 6th.

Pop Kline, Genoa City, the IRA Senior Citizen driver, was a double winner getting both the 15 lap semi-feature and a heat race win. Other heats were won by Dave Bliss, Fox River Grove, Jim Sullivan Fox Lake, and Harris. The win for Harris combined with fast time allowed him to gain in both Wilmot and overall point standings on Reimer.

Wes Eckert, Greenfield, won the Sportsman stock car fast time honors and his heat but his car failed him in the feature with Jack Ashenbrenner, Hales Corners, getting the win. Dave Zilmer, Silver Lake was this groups double winner as he won his heat and the semi-feature. Joe Gresk, Franklin won the other heat.

The attendance was 3642 and the drivers shared a \$3720.00 purse. If Don Sorce, West Allis had been able to qualify his West Allis Salvage modified, an even 60 modifieds would have been in competition.

However, the 59 modifieds and 23 sportsman stock cars, represented a new three year high for the IRA cars at Wilmot.

Anzinger & Arndt win at Waukegan

JULY 25, 1971- BOB ANZINGER, of McHenry won his second late model feature at the Waukegan Speedway Sunday night and Bob Arndt of Milwaukee scored his first hobby win as officials rushed through the racing card just beating several thunderstorms. Sunday's crowd was the largest non-holiday turn-out for a Sunday night yet this season.

Anzinger regained the lead in the 18th lap after losing it in the 6th lap to Carl Major of Chicago. Major finished 4th in the race with Jim Cossman and Vern Bzowne, Wauconda, directly in front of him taking second and third spots respectively. Bob May, Gurnee, was a close second.

Chuck Chadwick of Lake Zurich, who graduated from hobby stock cars to the late model division this year, had a good night by winning the first late model heat race over Pete Brewer, Waukegan, and then pacing the feature for the first two laps. Chadwick stayed close to the leaders throughout the race and finished 6th.

Ray Young of Dolton dropped out of the race in the 6th lap after losing a drive-shaft and Tom Jones had car trouble and drove Jim Couch's Chevelle to 14th spot in the main.

The hobby feature was quite an affair again tonight as Cheyrl Arndt, Milwaukee, Abel Avila, Zion, Bob Arndt, and Tom Reuss were all bunched together at the white flag.

In the third turn of the final lap Cheyrl Arndt and Avila bumped with Cheyrl hitting the wall, losing the lead and the race. Meanwhile husband Bob shot through on the inside for the lead and the win with Avila second in a side-by-side finish with Reuss.

With lightning flashing in the west, the "tell-your-wife-where-to-go" race was run. Officials found Rex Royal of Island Lake dressed as a woman, but before throwing her, or him, out of the race, a tomato throwing act occurred with "no-brains-the-clown" getting the worst of it.

The race itself starred with Sally Wetzal and Jack MacFadyen of Lake Bluff hitting the wall hard, but without injury. Harlan and Pat Grogan of Zion steered clear of the others and came home for the win.

Sunday's races attracted seven late models who missed Saturday's races which changed

BOATING SAFETY

The letter "u" has a unique history. A descendant of the letter "v," it is related to "f," "w" and "y." Its original forms were in Egyptian hieroglyphics, Phoenician and Greek writings. For a time the Romans used one sign for three signs, namely "u," "v" and "w."

The letter's relevance to boating extends far beyond the term "U-boat." When it comes to boating safety, here are some precautions that spell initial success:

Use caution when another boater is waving to you. His "friendly" ways may actually be a signal to steer clear.

Understand all the various distress signals. One recognized signal used on small boats is to slowly and repeatedly raise and lower the arms outstretched to each side.

the completion of several races. Next Sunday night there will be a head-on demolition derby in addition to the regular card of late model and hobby stock races and a special roll-over challenge event is slated for Saturday night.

Just One More Lap...

July 24, 1971- "Just one more lap" would have been the difference in both midseason championship races Saturday night at the Waukegan Speedway. As it was Tom Jones, Northbrook, coasted to the win in the late model event and Ted Richter, North Chicago, narrowly won the 25 lap hobby stock race.

Jones took the feature lead in the 33rd lap from Rapid Robert May, Gurnee, and then opened up a comfortable margin as May had trouble negotiating the greasy track. But with just a lap and a half to go Jones broke the front "U" joint on the drive shaft and had to reduce his speed to nearly a crawl in the final 1/4 mile. May was too far back, though, to take advantage of the mechanical problems of the leader and finished in second place.

Richter gained the hobby feature lead in the 19th lap after Abel Avila of Zion had a flat tire while leading. In the final laps Tom Reuss of Wildwood put the pressure on the leader and the two were side-by-side in the final corner.

Richter came full throttle for the checkered flag and his clutch exploded at the finish line ripping a sizable hole in the floorboard with several broken pieces brushing his legs. Reuss finished second.

Carl Major of Chicago was back Saturday night after his tangle with the starter's stand just one week previous. Major posted second best time and then won the trophy dash and a heat race early in the evening. During warm-ups for the feature part of the steering linkage broke and Major failed to start the main.

Ray Young of Dolton moved into the lead on the first lap with Jim Cossman of Waukegan second and Jones third by the third lap. In the third lap a wheel broke off Tom Credit's car from Melrose Park and rolled across the front straightaway as the only yellow flag of the event came out.

May's car hit the wheel after the front runners had missed it, sending it bounding wildly down the track, over cars and into the first turn wall. It took four laps to clear the track and then the green came back out with Cossman right on Young's rear bumper.

In the 9th lap Cossman tried to pass Young as the two raced into the third turn with the cars tangling. Young spun completely around and was then met head-on by Cossman trapping Jones momentarily next to the wall. May slipped by on the inside for the lead with Jones recovering for second in front of Cossman, Gary Zobel of Mundelein and Rich Oertel of Paletine.

Young was able to avoid being lapped by the leaders to finish third in the extra lap race with Zobel taking 4th spot and Roy Acuff, Chicago, 5th. Oertel was black flagged off the track in the final laps as his car was throwing grease on the asphalt surface.

Defending Champion Whitey Harris gains points on leader in IRA super modified circuit. (Photo by R. Berezniak)

HARRIS GAINS ON I R A CIRCUIT

Whitey Harris, Lake Villa defending champion of the IRA Super modified stock car four track circuit, gained impressive points on leader Johnny Reimer, Caledonia this past week.

Harris scored second in two races while Reimer was 11th at Raceway Park and a winner at the Kenosha County Speedway in Wilmot. However, Harris set fast time at Wilmot and won a heat and picked up 14 points in spite of the second place finish.

At the Lake Geneva Raceway, Harris still leads Reimer and the rain out of two weeks ago cut into the chances for Reimer to make up distance in the point battle. The points take on an even greater meaning to the drivers when the thousands of dollars of point fund money is considered. At Wilmot where the IRA Supers have enjoyed their greatest success of all tracks and their greatest success in any year, attendance has averaged over 3610 with average purse money exceeding \$3900.00. The top overall spot could be worth as much as \$1000.00 to the Champion.

All drivers who have competed in 75% of the dates at Lake Geneva and Wilmot are eligible to share in the point fund money. Rain has not prevented a race program at Wilmot this season which contributes to the potentially larger point fund.

Al Schill, Frankville ranks 3rd overall with Jim Sullivan, Fox Lake, 4th and Ron Bergsma, Richmond, 5th.

In August the IRA Supers will have an expanded schedule with racing at the Kenosha County Fair on Saturday

August 14 and a mid-season 50 lap race at Santa Fe Speedway in Willow Springs on Friday August 20.

The final night for racing at Wilmot will be September 4 and at Lake Geneva on September 5.

A confirmation on tentative dates for the supers to race against late model stock cars at the Golden Sands Speedway in Plover on Tuesday August 3 and at the Morris Speedway are expected to be announced later this week.

GIRLS ATTEND MAJORETTE AND TWIRLING CLASSES

Jennifer and Joan Bellercci of Lake Marie and Meg Eckert (teacher) of Antioch have pre-registered for the Majorette and Twirling Classes which will be held on the Lake Forest College campus on August 2 through 6. The clinic is conducted by Mary Evelyn Thurman, Internationally known clinic director, teacher and judge. In February 1969 she was selected by the National Baton Twirling Association as the "Teacher of the Year".

All phases of cheerleading, baton twirling, majorette work, drum majoring plus a special concentrated pom pom course will be covered by a highly trained teaching staff.

Campus students are housed in the dormitory and are under supervision. Daily competition will be held in each division for those wishing to participate. Ribbons, trophies, etc. will be awarded. The Thurman's Clinics are conducted on 12 college campuses in the summer.

Pecaro joins Rifles

An ad in the paper may have brought in part of the answer to the Lake County Rifles problem of having few people to carry the ball behind their well-built lines.

John Pecaro arrived at Rifle training camp on Monday and has made a fast impression on the coaches. Head Coach Gerry Sandberg commented, "He looks good to me." "He's got good moves and he's quick which could mean the solution of our flanker problem." "Right now," he continued, "We're playing him

RIFLES GAIN 390 LBS.

Jaws dropped and eyes stared as 7'1" and 390 lbs. of new talent arrived for the Lake County Rifles training camp Saturday—all in the person of one Paul Crull.

Crull, whose mammoth size commands attention, comes to the Rifles from Chillicothe, Illinois and will be looking for a spot at tackle. He will also be in the process of trying to lose about 50 lbs.

"I think if I lose 50-60 lbs., I'll be down to a good playing weight," Crull said. "The extra weight will only slow me down, and I know I can lose it."

Head Coach Jerry Sandberg was at the train to meet his new prospect, but had no comment to make other than, "After we get him out on the field, then I'll tell you what I think."

Crull wasn't always as large as he is now. For instance, while playing high school ball, he weighed in at a mere 260. At Chillicothe High School, near Peoria, he played both guard and tackle, and he also had some post-high school experience in Phoenixville, Pa. and with the Peoria Pintos. The Pintos are members of the minor professional Midwest League.

His ambition is to enter professional ball, but the most important task facing him now is gaining experience.

"The Rifles offer me a better opportunity to get to where I eventually want to go," Crull added.

The Chicago Bears office was contacted by Crull in reference to the minor professional leagues in this area. They, in turn, gave him the names of the Rifles and the Joliet Chargers. After contacting the Rifles, he was asked to come up for a try-out.

This is the first week of practice that the Rifles will be suiting up for, so Crull is just in time for some action. He thinks he'll be ready for them by the time the season rolls around, and the Rifles are anxiously waiting too.

at running back, and we're pleased."

Pecaro is 5'9", and weighs in at 197, and has played about every running position except end and fullback.

As far as the position he'll be playing with the Rifles is concerned, he only smiled and said, "I'll play anywhere they need me, even if it's in the line." "The most important thing is to play where I can help the Rifles the most this season."

BIG THANKS

AMERICA:

WINNER OR LOSER?

In 1972, the largest, best-trained United States teams ever will compete in the world's greatest sports event... maybe!

All Americans, whether from the business community or the private sector of life, can help support this ideal by helping their country field teams they will be proud of — by buying an Olympic related product like Bank of America Travelers Cheques or by sending their contributions direct to the U.S. Olympic Committee, Box B, 57 Park Avenue, New York, N. Y. 10016.

After all, what have you got to lose — besides the sporting chance our youth deserves?
